THE BNU WELCOME

Welcome to Buckinghamshire New University!

We are looking forward to you joining our **BA (Hons) Sport Business Management** course in September.

At BNU we pride ourselves on the support we offer our students to succeed in their academic learning and creating graduates ready for employment. This information pack has been created by the BNU Welcome Team and your course leader, **Andrew Rankin,** to provide you with information that you will need for a successful start at BNU. Please read it carefully before you join us.

THE ESSENTIALS…

YOUR WELCOME WEEK AT BNU

Your Welcome Week will run from **Monday 19th September to Friday 23rd September 2022** at our **High Wycombe Campus** and you will be provided with a full Welcome Week timetable in the coming weeks. All the information you need will be on the Welcome Page on our website so please check that regularly.

ABOUT YOUR COURSE

The degree will provide you with a strong sport and business studies foundation and an understanding of the unique challenges and issues facing sport managers and leaders. The programme consists of a blend of professional and academic elements designed to develop essential knowledge and insights.

There is a focus on applied skills, as well as critical independent thinking and team working, providing for and enhancing your employability when entering the workforce after graduation. There is a demand for graduates who can demonstrate knowledge, skills, and employability. Employability is an important theme throughout the course, and you will be encouraged to gain relevant experience through volunteering, paid part-time and / or work experience.

In preparation for induction week, think about your goals and objectives. Why have you decided to go to university? Why did you select this course? What do you hope to learn? Do you have any career ambitions for life after university? Do you have any questions for your Course Leader?

Your course will build upon and add to things that you have studied or experienced before - education, interests, work experience. Do keep abreast of news, what is happening in the sport and business environment right now and what might be the implications?

Here is some suggested reading to get you thinking about work practices in the sport business:

- Hoye R, Smith A, Nicholson M and Stewart B, (2018) Sport Management. 5th ed. Oxon: Routledge
- Shank, M. and Lyberger. M. (2015) Sports Marketing: A Strategic Perspective. London: Routledge
