CPL(H) Flying Course with Night Rating	Details	Charge
Payment 1	First 15 hours	£6,363
Payment 2	Second 10 hours, including Night rating	£4,242
Payment 3	Third 10 hours, instrument flying	£4,242

Please note the following:

1. These prices are based on minimum requirements (45 hours minimum for PPL(H), 35 hours minimum for CPL(H)). If more flying hours are required then this will be charged at the same discounted rate or block payments for greater discounts.
2. The PPL(H) must be completed prior to the start of the ATPL(H)/IR ground school.
3. A total of 155 flying hours must be completed prior to commencing the CPL(H) flying course. Such that, if the PPL(H) has been achieved in minimum hours then 110 hours is required prior to the CPL(H) flying course. This can be paid in full to receive the best discount, which would amount to a total of £28774.08 based on needing the full 110 hrs.
4. The ATPL(H)/IR ground school covers 14 subjects from Principles of Flight to Meteorology. It is the most complete course because it provides for people who need a CPL(H), ATPL(H) or ATPL(H)/IR (depending on the type of commercial flying they wish to do).
5. All prices above are inclusive of VAT.
6. The site visits have previously included: Luton Control Tower, Flight Safety International, Air Accident Investigation Branch and Royal London Hospital HEMS.
