THE BNU WELCOME

Welcome to Buckinghamshire New University!

We are looking forward to you joining our **BA (Hons) Business and Human Resource Management** course in September.

At BNU we pride ourselves on the support we offer our students to succeed in their academic learning and creating graduates ready for employment. This information pack has been created by the BNU Welcome Team and your course leader, **Suzanne Doria,** to provide you with information that you will need for a successful start at BNU. Please read it carefully before you join us.

THE ESSENTIALS…

Your Welcome Week will run from **Monday 19th September to Friday 23rd September 2022** at our **High Wycombe Campus** and you will be provided with a full Welcome Week timetable in the coming weeks. All the information you need will be on the Welcome Page on our website so please check that regularly.

ABOUT YOUR COURSE

Our BA (Hons) in Business and Human Resource Management degree gives you wide exposure to all aspects of Business, as well as Human Resource Management, in an organisation with a focus on improving your employability. From day one, your future career is our focus.

Your degree will help you gain an understanding of contemporary HR theory and practice, but also recognise the key issues which impact on organisations. This will allow you to build up a full picture of the business needs which will prove invaluable when you graduate.

A key feature of the programme is to blend both academic study and skills development in order to enhance your employability. We have a strong emphasis on flexibility, teamwork and creative solutions so you'll graduate ready to succeed in your working life.

Throughout the course, you'll be working on live client briefs under real-time pressures. You'll experience a range of unique scenarios throughout your studies to apply the theory you learn in practice.

Our students are often asked to develop solutions for a wide range of businesses. This allows you to gain real-world, hands-on experience while businesses benefit from having dedicated consultants to carry out research and offer advice tailored to their needs. We've had students consulting major companies as well as helping start-ups to get their businesses on the move.

PRE-WORK

In preparation for induction week, think about your goals and objectives. Why have you decided to go to university? Why did you select this course? What do you hope to learn? Do you have any career ambitions for life after university? Do you have any questions for your Course Leader?

Your course will build upon and add to things that you have studied or experienced before (education, hobbies / interests, work experience) so collect any important information, such as relevant notes, books and examples of your work.

Keep abreast of business news; what is happening in the business environment right now and what might be the implications?

A suggested textbook to get you thinking about business management is detailed below. Reading this prior to joining us is not compulsory.

- Worthington, I. and Britton, C. (2018) *The Business Environment.* 8th ed. Harlow: Prentice-Hall
